

Standard Calibrations Inc.

West Coast Representative: Cooley Equipment Sales, Inc.

Email: sales@cooley equipmentsales.com

Office: (562)303-5206

Commercial Marine Products

Tank Level Indication and Monitoring Systems:

- Hydrostatic Pressure Transducers
- Radar Level Measurement
- Visual Level Sight Glass Indicators
- Float Type Level Transmitters
- Bladder Pressure Indicators
- Capacitive Level Sensors
- Ultrasonic Level Sensors

Water and Fuel Flow Measurement:

- Coriolis Metering for High Measurement Accuracy
- Vortex Meters for Tolerance to Shock and Vibration
- Ultrasonic for Measurement without Pressure Loss
- Variety of Transmitters for Easy Integration
- Bunker Fuel Metering Solutions
- Fuel Consumption Systems
- Water In Fuel (WIF) Sensors
- Ballast Water Metering to Optimize Treatment Systems

Switches and Sensors:

- Float Level Switches for Bilge and Void Spaces
- Multi-Point Level Switches
- Flow Switches for Cooling and Fire Suppression Systems
- Field Programmable Electronic Pressure Switches
- Vibronic Point Level Detection
- Resistance Temperature Detector (RTD) and Thermocouple Temperature Sensors
- Thermowells and Protection Tube

“If it Controls, Indicates, or Alarms, We Service it ”
